Professional Summary

Highly motivated and detail-oriented IT graduate with a strong foundation in software development, networking, and system administration. Proficient in programming languages such as Java, Python, and C++, with hands-on experience in database management and web development. Adept at problem-solving, teamwork, and adapting to new technologies. Seeking an entry-level position to leverage technical skills and contribute to innovative IT solutions.

Education

Bachelor of Science in Information Technology

Karatina University, Nyeri, Kenya.

August 2019 – October 2024.

- Relevant coursework: Software Engineering, Database Systems, Networking, Web Development, Cybersecurity, and Data Structures.
- Graduated with Second Class Honors

Technical Skills

- **Programming Languages:** Java, Python, C++, JavaScript, PHP
- **Web Development:** HTML, CSS, Bootstrap, React.js, Node.js
- **Database Management:** MySQL, PostgreSQL, MongoDB
- **Networking:** TCP/IP, LAN/WAN, Routing and Switching, VPN Configuration
- **Operating Systems:** Windows, Linux (Ubuntu, Kali), macOS
- **Tools:** Git, Docker, VMware, Wireshark, Microsoft Office Suite
- **Cloud Platforms:** AWS, Microsoft Azure, Google Cloud Platform

Projects

1. Online Student Management System

- Developed a web-based application using PHP and MySQL to manage student records, attendance, and grades.
- Implemented user authentication and role-based access control.

2. Network Security Simulation

- Configured a secure network environment using Cisco Packet Tracer.
- Implemented firewalls, intrusion detection systems, and VPNs to enhance network security.

Work Experience

ICT Technician

MicroLAN Services Limited

March 2025 – Present

- I installed, configured, and maintained hardware/software systems for clients, ensuring optimal network performance.
- I troubleshooted technical issues across Windows/Linux environments and provided end-user support.
- I implemented cybersecurity measures like firewall configurations and system updates to enhance client data protection.

IT Intern

NHIF, Embu, Kenya

July 2022 – September 2022

- Assisted in troubleshooting hardware and software issues for employees.
- Supported the IT team in maintaining and updating the company's network infrastructure.
- Conducted regular system backups and ensured data security.
