

ISABELLA ABUOR

+254795366708 | Isabellamabuor@gmail.com | [LinkedIn](#) | [GitHub](#)

Computer Science graduate with a strong foundation in software development, and cybersecurity. I have hands-on experience with Azure, SIEM tools, IAM policies, and secure coding, gained through internships, projects, and volunteer roles. I am eager to apply my skills in Python, JavaScript, SQL, and cloud technologies to real-world challenges, while continuing to learn and grow in the tech industry. Recognized for being detail-oriented, collaborative, and quick to learn, I am motivated to contribute to innovative technology solutions and build a successful career in cloud and security engineering.

AREA OF EXPERTISE

Languages & Scripting: Python, JavaScript, Bash.

Tools and Cloud Services: Azure (Azure DevOps, Sentinel, IAM), Wazuh, Arkime, Wireshark, OS(Linux) Git/Github

Methodologies: Agile, DevOps, ITIL, Incident Management, Cyber Treat Intelligence (CTI) and Vulnerability Management

Security Technologies & Compliance: PCI-DSS, ISO, TCP/IP, MITRE ATT&CK, Firewalls, IDS/IPS and SIEM

Development Practices: OOP, Data Structures & Algorithms, SOLID Principles, Secure Coding.

Soft Skills: Problem-solving, Team Collaboration, Customer Focus, Attention to Detail, Creativity and Innovation Skills

Communication Skills (Written and Verbal), Eagerness to Learn New Technologies

EDUCATION & PROFESSIONAL TRAINING

BSC. COMPUTER SCIENCE - UNIVERSITY OF NAIROBI

Obtained Second-Class Honors, Upper Division, September 22, 2023

- **Relevant Coursework:** Data structures & Algorithms, Software Engineering, Cloud computing, Network Security, Risk management and Auditing & assurance of information systems.

Microsoft Certified SC- 900 | Microsoft Certified AZ- 500 Expected August 2025 | Certified in Cybersecurity, ISC (2) | Cloud and Network Security, Cyber Shujaa | Mitre Att&Ck Framework

PROFESSIONAL EXPERIENCE

VOLUNTEER CLOUD SECURITY ASSOCIATE| CYBER SHUJAA | 05/2024- PRESENT

- Configured and monitored SIEM alerts (Azure Sentinel) to detect and respond to potential threats.
- Managed Identity and Access Management (IAM) policies, including RBAC and MFA, ensuring secure access and compliance with security standards.
- Integrated vulnerability management tools and developed data loss prevention (DLP) policies to safeguard sensitive information.
- Collaborated with cross-functional teams to create secure cloud architectures, focusing on security controls and compliance alignment. (SLA's)

JUNIOR SOFTWARE ENGINEER | ECOSCIENCE & ENGINEERING CONSULTING LTD | 02/2023- 04/2025

- Developed integration libraries and onboarding tools for API consumption, reducing client setup effort by 40%.
- Created diagnostics and logging tools to identify and troubleshoot errors in production environments.
- Participated in on-call rotations (DRI role) to monitor live systems, respond to incidents, and ensure SLA compliance.
- Contributed to architecture documents and system design, identifying service dependencies and downstream impact.

SOFTWARE DEVELOPER INTERN | PRESTA CAPITAL LIMITED | 07/2022- 10/2022

- Assisted in troubleshooting and developing tailored solutions for a cloud-based platform for microfinance institutions.
- Participated in automated testing and deployment pipelines.
- Updated software documentation and user guides to align with current features and comply with best practice standards

PROJECTS

Azure Infrastructure Setup and Automation, Cyber Shujaa:

Set up, configured, and maintained a scalable cloud infrastructure using Azure and Terraform. (Azure, Terraform, ARM templates, Azure DevOps, Python, Linux CLI, Git.)

Threat Detection with Azure Sentinel, Cyber Shujaa:

Set up a cloud-native security information and event management (SIEM) system to detect and respond to security threats across cloud environments.

Application Logs Management Software, University of Nairobi:

Developed an application to manage mobile e-commerce logs for microservices, receiving logs from microservices and recording them in a common storage. (Angular- Typescript, Node.js, Express.js)

ACTIVITIES

An ISC2 Candidate: **1594095**

Mentor, Technovation Girls - Inspire young women in tech through project-based learning.

Active Member, SheHacks KE, Women Techmakers - Engage in cybersecurity challenges and networking.

Capture The Flag (CTF) Participant -Gained practical experience in identifying security vulnerabilities.

REFEREES
