Job Description

BQI Technologies is a software development and technology professional service company that specializes in delivering modern solutions and services to the State and Local Government in the Land Management, Business Licensing, Professional Licensing, and Asset Management spaces.

BQI Technologies, is establishing in Kenya, and we're seeking talented and self-motivated individuals who are passionate about customer satisfaction and have a keen eye for detail. Join us in delivering successful solutions in the e-governments space.

About the role

- Design, Develop, and Deploy assigned JIRA items in a timely manner.
- Participate in Team stand-up and assist team members with questions and blockers.
- Document release notes and communicate release timeframes to customers, keeping them informed about updates and enhancements.
- Quickly resolve assigned production defects and communicate with Onboarding team and Managed Services groups.
- Participate in release review, design gates, change management, and retrospectives providing input to continually improve processes.
- Perform other duties as required to support the success of our clients and the organization.

About You

- 2+ years of direct experience working with Angular, C#, .NET Core/8, ASP .NET.
- 2+ years working with Visual Studio and Visual Studio Code.
- 2+ years working with JIRA, GitHub, and JavaScript.
- 1+ years working with Microsoft SQL Server / ANSI SQL, and No SQL Databases preferably CosmosDB.
- Proficiency in Microsoft Office applications (MS Teams, Excel, Word, Outlook, and PowerPoint).
- Excellent written and verbal communication skills, with experience in presentations.
- Extremely Desirable: IAAP CPACC, WAS, or CPWA Certifications.
- Highly Desirable: Experience with Figma and CoreUI.io
- Highly Desirable: Experience building/deploying Azure App Services/Function Apps.
- Highly Desirable: Building GitHub Actions, and Automated testing.
- Bachelor's degree in Information Technology or related field experience.

Benefits

- Comprehensive private medical insurance
- Pension
- Annual bonus
- Competitive holiday + Birtholiday
