NOTES							

Permittee Responsibility

- The Project Address must be visible from the street. Check address visibility prior to calling for inspections. (CFC SOS)
- City approved plans must be at project site, available for Inspector's examination.
- City Inspectors will not inspect without approved plans at the site.
- The Project is to be built in accordance with the approved plans and all applicable code requirements.
- The Public Works Inspection Division must be called to make progress inspections.

- All work is to be inspected prior to covering; work covered without City Inspection must be uncovered at owner's/contractors expense.
- For commercial projects, the owner must obtain a "Certificate of Occupancy" from City prior to occupying the building or using the project.

For Inspections requests:

Please call: **(909) 384-7272**

- Please have your Permit Number and Inspection Code Number on hand.
- Inspection requests require 24-hour prior notice and are subject to inspectors' availability.

Inspection comments and approvals can be viewed at www.SBCity.org/PermitLookUp

Please email **LD_Construction_Submittal@sbcity.org** for any field changes, plans, reports, pad certifications, etc.

EXPIRATION: This permit shall automatically expire and become void:

- If work is not commenced within 180 days or is suspended or abandoned for a period of 180 days.
- DEMOLITION PERMITS SHALL EXPIRE WITHIN 90 DAYS (WITH NO ACTIVITY).
- INSPECTIONS: In order for the work authorized under this permit to be considered legal, the work must comply with all applicable codes, and all required inspections and final approval must be obtained. Failure to obtain inspections and final approval will result in the expiration of this permit.
