PROFESSIONAL SUMMARY

IT and Network Support Specialist with proven experience in enterprise environments across government and corporate sectors. Strong hands-on expertise in **Cisco-based networking, frontend development, user support, and data center operations**. Skilled in configuring and troubleshooting **routers, switches, firewalls, and end-user systems**. Adept with tools like **Wireshark, Cisco Packet Tracer, MySQL, and Microsoft 365**, with a foundation in both infrastructure and application-level technologies. Committed to delivering secure, stable, and scalable systems.

TECHNICAL SKILLS

Networking & Infrastructure

- LAN/WAN configuration Cisco IOS, TCP/IP, VLAN, DHCP, DNS
- Hardware: Cisco Routers & Switches, Ubiquiti, Fortinet Firewalls
- Network Monitoring & Analysis: Wireshark, Nagios, PRTG
- Structured cabling, patch paneling, and hardware installation
- VPN setup, port forwarding, and bandwidth management

Systems & End-User Support

- Operating Systems: Windows 10/11, Windows Server 2019, Ubuntu
- Endpoint Management: Active Directory, Group Policy, BitLocker
- Application Support: Microsoft Office 365, Teams, Outlook
- Imaging & Deployment: Windows Deployment Services

Web Development & Databases

- Frontend: HTML5, CSS3, JavaScript
- Backend DB: MySQL, phpMyAdmin, XAMPP
- Version Control: Git & GitHub
- CMS & UI Debugging: WordPress, Chrome DevTools

PROFESSIONAL EXPERIENCE

Network & IT Support Technician Kenya Revenue Authority (KRA) – Nairobi, Kenya 2023-2025

- Managed and maintained enterprise LAN/WAN environments, ensuring high uptime.
- Installed, configured, and troubleshooted Cisco switches, routers, and firewalls.
- Oversaw performance of core data center systems, identifying and resolving bottlenecks.

- Executed final-stage deployment and testing of WAN upgrades and network expansions.

Data center operations

- Provided technical support in data center operations including server monitoring, backups and incident escalation, ensuring high systems availability and uptime.
- Assisted in installation, migration and preventive maintenance of data center hardware racks, routers, switches, UPS, and storage equipments.
- Logged and tracked service tickets, documented system activities, and prepared daily technical reports for decision-making by senior ICT officers.

IT Support Officer National Housing Corporation (NHC) – Nairobi, Kenya 2022

- Delivered organization-wide technical support for hardware, software, and peripherals.
- Installed operating systems and productivity tools; ensured devices were compliant with security policies.
- Diagnosed network issues, resolved connectivity failures, and configured office network switches.
- Maintained helpdesk ticketing and asset records, reducing resolution time by 40%.

Information Systems Assistant Kenya Medical Research Institute (KEMRI) – Nairobi, Kenya 2019

- Updated employee records and managed access credentials across HRIS platforms.
- Supported digital archiving of payroll data, contracts, and leave databases.
- Coordinated with finance teams on monthly reconciliations and reporting tools Excel, QuickBooks.
- Streamlined document workflows by digitizing and organizing legacy records.

EDUCATION

Bachelor of Business Information Technology

KCA University | 2019 – 2022

Diploma in Business Administration

Kiriri Women's University of Science and Technology | 2018 – 2019

Kenya Certificate of Secondary Education (KCSE)

Chuka Girls High School | 2017

CERTIFICATIONS

- **Cisco Certified Network Associate (CCNA)** – KCA University, 2022
 - **Frontend Development – JavaScript, HTML, CSS, MySQL** – META Academy, 2022
-

PROJECT HIGHLIGHTS

- **Enterprise Network Uptime Optimization – KRA:** Reduced downtime across WAN by reconfiguring routing protocols and replacing legacy switches.
- **Organization-wide Endpoint Rollout – NHC:** Supported 50+ new staff devices with OS installation, antivirus setup, and domain integration.
- **HRIS Digital Migration – KEMRI:** Helped digitize over 1,000 employee files, reducing retrieval times by 60%.
