

VINCENT MUNYWOKI

Nairobi, Kenya | 254702463477 | vincentmunywoki12@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PERSONAL PROFILE

Full-stack software developer with experience building scalable web applications using React, Node.js, and MongoDB. Skilled in collaborating within agile teams, interpreting UI/UX designs, maintaining clean code, and contributing to high-impact software projects. Passionate about continuous improvement and delivering reliable, maintainable code through modern development practices, version control, and testing. Committed to contributing to a forward-thinking and creative team like Value8 Group.

SKILLS

Key Skills - React.js, Node.js, Express.js, MongoDB, MySQL, Git & GitHub, REST APIs, MVC Design Patterns, Figma, UI/UX Implementation, JavaScript, HTML5, CSS3, Tailwind, Postman, Agile Collaboration, Technical Documentation, Cloud Deployment (AWS, Azure basics), Clean Code Practices, Debugging & Issue Resolution.

EDUCATION

UNIVERSITY OF EMBU

Embu, Kenya

Bachelor of Science in Information Technology

Sep 2020 – Sep 2025

Grade: Second Class Upper Division

Relevant Coursework: Software Engineering, Database Systems, Object-Oriented Programming, System Architecture, Network Security

EXPERIENCE

Nedvel Consultant Ltd

Nairobi, Kenya

IT Consultant (Volunteer)

Nov 2024 - June 2025

- Developed and maintained responsive frontend components and backend logic for client websites and applications.
- Supported deployment and codebase optimization to improve application performance.
- Collaborated closely with clients to refine requirements and provide technical solutions.

Havalaa Technologies

Nairobi, Kenya

Product Designer (Contract)

July 2024 - Aug 2024

- Partnered with engineers to implement UI/UX flows using wireframes and mockups in Figma.
- Worked on enhancing onboarding experience and front-end feature usability.
- Conducted audience research to tailor communication styles, improve feature adoption, and reduce user drop-off.

JKUAT

Kiambu, Kenya

Cybersecurity & IT Support Attache

May 2023 - Aug 2023

- Resolved technical issues, maintained system uptime, and assisted in database and system monitoring tasks.
- Reviewed system documentation and contributed to infrastructure improvements.
- Assisted staff and students in using ICT tools and platforms.
- Helped troubleshoot software/network issues and trained users on safe practices.
- Developed quick-start guides and FAQs to support campus ICT literacy.

PROJECTS

- Cybersecurity & IoT-Based Smart Parking System | [Link](#) Jan 2024 - April 2024
- Developed an IoT security model integrating ESP8266 & Adafruit.IO, securing real-time parking data.
 - Enhanced network security protocols, achieving 95% system accuracy and reducing unauthorized access risks.
- Secure Cloud-Based File Sharing Platform | Personal Project Aug 2024 - Sep 2024
- Designed and deployed a file-sharing app on AWS with IAM roles, S3 bucket policies, and server-side encryption. Integrated multi-factor authentication and logging using AWS CloudTrail to enhance accountability.
- QuickDoc Appointment System (MERN Stack) | [Link](#) Sep 2024 - Nov 2024
- Built a full-stack healthcare appointment app using MongoDB, Express.js, React.js, and Node.js.
 - Implemented authentication, CRUD operations, and responsive UI.
 - Followed MVC structure and clean code principles.

CERTIFICATIONS

- Software Development – Power Learn Project Africa
- HCIA – Routing & Switching – Huawei
- HCIA – Cloud Computing – Huawei
- AWS Educate: Cloud 101 – Amazon Web Services
- AI Fundamentals – IBM SkillsBuild
- Project Management Certificate – Absaready to Work Program, June 2025
- Sustainable Development Goals (SDGs) Leadership Program – AIIDEV Africa, August 2024

ADDITIONAL INFORMATION

- Experienced in version control using Git and GitHub
- Strong foundation in database management (MySQL, MongoDB)
- Effective in code review, peer collaboration, and process documentation
- Familiar with frontend frameworks (React), clean code practices, and scalable system architecture
- Quick learner, adaptable to new technologies and agile workflows
