Professional Summary

Detail-oriented IT professional with a **BSc. in Mathematics & Computer Science** and certifications in **SQL, cybersecurity, project management, and business intelligence**. Experienced in **software configuration, data analysis, report development, system migration, and technical documentation**. Skilled at translating business requirements into working technical solutions through tools like **SQL Server, Power BI, WordPress, Figma, and Google Cloud**. Strong foundation in **Agile and Waterfall methodologies**, complemented by excellent communication, presentation, and documentation skills. Passionate about building **innovative e-government solutions** that improve efficiency, transparency, and service delivery.

Core Technical Competencies

- **Databases & Scripting:** SQL (Oracle, SQL Server), basic Python, basic JavaScript, data migration.
- **Reporting & BI Tools:** Power BI, Excel dashboards, SSRS/Crystal Reports (familiar).
- **Configuration & Development:** WordPress (Divi), Wix, Figma prototyping, CSS customization.
- **Systems & Cloud:** Google Cloud integration, data backup/recovery, cybersecurity protocols.
- **Methodologies:** Agile (JIRA), Waterfall, project documentation.
- **Other Technical Tools:** Cisco networking, Canva design, Google Analytics, ICDL.

Professional Experience

Information Technology Lead

Maisha Youth Movement (under NSDCC) | Mar 2022 – May 2025

- Configured and deployed **cloud-based systems (Google Cloud)** for centralized reporting and secure data storage across 47 chapters.
- Designed and implemented **digital forms and surveys** (quantitative & qualitative data) whose results informed **health policies, work plans, and budgets**.
- Created a **digital media strategy and style guide**; configured SEO tools and Google Business Profile for visibility.
- Conducted **cybersecurity checks**, strengthening account safety and data recovery protocols.

- Built a **prototype organizational website** (Figma → WordPress); authored technical and governance documents.
- Provided **end-user training and documentation** on systems, reporting, and digital literacy.
- Configured dashboards to track membership and program activities, improving decision-making.

IT Associate

Equavo Limited | Jan 2024 – Jan 2025

- Managed **data systems**: inventory databases, production reports, and spreadsheets tracking quality metrics (FFA, Dry Matter, Moisture Loss).
- Oversaw **data migration and documentation** for operations and finance processes.
- Provided IT support (networking, troubleshooting, spreadsheet design, system maintenance).
- Authored technical documents (ID systems, operational SOPs).

Website & Digital Platform Assistant

Christine Campbell Rapin – Business Mentor | May 2025 – Jul 2025

- Configured and maintained a **WordPress site (Divi)** ensuring performance, security, and responsiveness.
- Customized CSS and integrated **funnel/form tools** (GoHighLevel, Actionera).
- Conducted audits and optimizations to improve SEO and user experience.
- Produced **end-user and technical documentation** for updates and workflows.

Research Assistant (Cluster Lead)

UNAIDS – HIV Community Rights Survey | Feb – Mar 2024

- Coordinated data collection (questionnaires & FGDs) across 4 counties using digital tools.
- Oversaw **data quality control, ethical compliance, and team supervision**.
- Delivered structured reports feeding into UNAIDS policy recommendations.

Chairperson, Machakos County Chapter

Maisha Youth Movement | Dec 2020 – May 2025

- Led county-level programs, drafted **strategic documents, budgets, and reports**.
- Trained youth in **proposal writing, digital literacy, and project planning**.
- Coordinated with stakeholders in government and NGOs, ensuring smooth collaboration.
- Configured digital tools for tracking county membership and activities.

Online Academic Tutor (Maths, Computer Science, English)

Course Hero | Jan 2020 – Dec 2022

- Delivered customized **technical tutorials** online using digital tools and interactive content.
- Produced technical learning resources and documented step-by-step guides.

Enumerator (Data Collection)

Kenya National Housing Census | Aug 2019

- Collected household data using structured digital tools.
- Ensured **data accuracy, validation, and submission** under tight deadlines.

Education

- **BSc. Mathematics & Computer Science** – Kenyatta University (Second Class Honors).
- **Murang'a High School** – KCSE A-.

Certifications

- SQL for Data Analysis
- Power BI Dashboard Visualization
- IBM Project Management
- Cisco Certified Network Associate (CCNA)
- Cisco Cybersecurity Essentials
- Google Analytics Individual Qualification
- Research Ethics (TRREE.org)
- ICDL (International Computer Driving License)

Soft Skills

- Strong written & verbal communication
- Technical documentation & reporting
- Presentation & stakeholder engagement
- Problem-solving & troubleshooting
- Teamwork & leadership
