PROFESSIONAL SUMMARY

Detail-oriented Integration Engineer with 3+ years of experience bridging the gap between business needs and technical solutions through software development, system integration, and IT support. Proven success in API integration, workflow automation, and cross-platform system support. Adept at collaborating with cross-functional teams, managing projects, and maintaining seamless technology operations. Currently seeking a high-impact engineering role where I can apply expertise in integration, cloud services, and full-stack development.

PROFESSIONAL EXPERIENCE

Software Developer & IT Support

Optiven Real Estate | Full-time | **Feb 2025 – Present**

- Developed and maintained mobile/web apps using Flutter and JavaScript.
- Integrated RESTful APIs and Firebase, enhancing customer data synchronization.
- Led a 3-person dev team to implement internal systems with cross-platform compatibility.
- Delivered tier 2 & 3 tech support for 50+ agents, resolving integration issues and user training.
- Introduced automated dashboards, reducing reporting time by 40%.

Software Engineer & IT Support Lead

School IFI | Full-time & Part-time | **2022 – Present**

- Designed and deployed a scalable ed-tech platform (Flask, Django, Flutter, Firebase, SQL).
- Managed IT infrastructure and cloud integrations, supporting 500+ users.

- Integrated third-party services and optimized database connectivity.
- Led a 6-person team recognized at CcHub's Viable Community showcase.
- Employed Agile practices and version control to ensure timely delivery.

Software Engineer & Project Lead

University Feeding Program, Kenyatta University | 2024

- Built a meal tracking solution using Flutter & Python, integrating with university systems.
- Directed a team of 6 to deliver the platform with secure authentication and live data sync.
- Coordinated with university IT staff and vendors for smooth implementation.
- Achieved 99.5% uptime and cut operational inefficiencies by 30%.

IT Support Intern

Kenyatta University Post Modern Library | Internship | 3 Months (2024)

- Provided end-user support and system admin tasks.
- Developed training manuals and facilitated onboarding to new digital library systems.

EDUCATION & CERTIFICATIONS

- **Moringa School** – Software Engineering
- **Kenyatta University** – BSc. Information Technology (Related Field)
- **Google IT Support Professional Certificate** – 2024
- **Agile Project Management Certification** – 2024
- **Project Management Professional (PMP)** – *In Progress*

TECHNICAL SKILLS

Integration & Development:

RESTful APIs, Firebase, Firestore, SQL, Python (Flask, Django), Dart (Flutter), JavaScript (React), System Architecture, CI/CD

Infrastructure & Support:

System & Network Admin, IT Service Management, Cloud Integration, Tier 2/3 Troubleshooting, Deployment

Project Management:

Agile/Scrum, Risk Management, Cross-functional Team Leadership, Technical Documentation, Training & Support

KEY PROJECTS & ACHIEVEMENTS

- **API Integration Lead:** Real estate CRM – Improved data reliability and consistency.
 - **Hackathon Winner:** Innovate Now (2024) – Built accessible tech for persons with disabilities.
 - **Leadership Award:** University Feeding Program (2024) – For impact and stakeholder alignment.
 - **Scholarship Recipient:** Safaricom PLC (2024/25) – For outstanding performance in software development.
 - **Hult Prize Director:** Moringa School (2025) – Led innovation programs and student initiatives.
-

LANGUAGES

- **English:** Fluent
 - **Swahili:** Native
