

JANE WAITHIRA GATHUO, ICT Officer

GATUNDU, 01030, Kenya, 0797493324, janewgathuo@gmail.com

SUMMARY

Dynamic ICT Officer with over 1 year of experience in providing technical support and ensuring data integrity for Self Help Groups. Proven skills in system migration, data analysis, and user support, as well as conducting comprehensive training sessions. Achievements include successfully assisting in the migration to a new core banking system and optimizing processes through data-driven decision-making. Committed to leveraging technical expertise and collaborative spirit to enhance operational efficiency and security within organisational environments.

WORK EXPERIENCE

01/2025 – 07/2025

ICT Officer, Caritas Nairobi

NAIROBI

- Assisted Self Help Groups (SHGs) in accurately and efficiently posting daily transactions, ensuring data integrity and adherence to established procedures.
- Provided on-site and remote assistance to SHGs, particularly those lacking dedicated staff, effectively addressing their inquiries and resolving operational challenges during office hours.
- Supported the shared service function in delivering transactional services to SHGs in need of assistance, streamlining processes and enhancing overall efficiency.
- Delivered basic ICT support to SHGs, troubleshooting common technical issues related to hardware, software, and network connectivity.
- Conducted comprehensive training sessions for SHG members and staff on transaction posting, system usage, data entry, and relevant ICT matters.
- Facilitated a smooth migration to a new core banking system by assisting Self Help Groups in preparing, cleaning, and analysing their data to ensure accuracy and completeness.
- Evaluated existing data sets by identifying patterns, inconsistencies, and areas for improvement, contributing to data-driven decision-making and process optimisation within Self Help Groups.
- Performed data clean-up tasks for self-help groups not yet migrated, ensuring data accuracy and completeness, while transforming and mapping data to ensure compliance with core banking system specifications.
- Acted as the primary contact for users in the assigned self-help groups, providing effective user support, promptly addressing inquiries, and resolving technical issues as they emerged.
- Identified potential IT security risks within self-help group operations, evaluated mitigation options, and collaborated with the ICT coordinator to implement stringent security measures, safeguarding sensitive data. 05/2024 – 12/2024

Clerk Intern, Caritas Nairobi Nairobi

- Supported the Archdiocese of Nairobi with the CBS migration process. Analysed, cleaned, and transformed data designated for migration to the CBS.
- Assisted the Self Help Group in data preparation, clean-up, and analysis for the new core banking system, ensuring data accuracy and integrity. Served as the first point of contact for users in assigned self-help groups, providing end-user support.
- Ensured data quality and consistency throughout migration processes.
- Documented data processes and contributed to the development of best
-

practices for future migrations.
