CAREER PROFILE SUMMARY

With a BSc in Information Technology from KCA University and a Diploma in Information Technology from St. Paul University, I am a dedicated IT professional with experience in system administration, network management and technical support. As an ICT Officer at Empire Marketing Services, I manage hardware and software systems, oversee server performance, implement IT projects, provide technical support to staff, maintain software and hardware compliance and mentor junior IT personnel. During my internship at Muthaiga Country Club, I supported ERP deployment, maintained LAN/WAN networks, managed ICT asset inventory, delivered user training and ensured smooth IT operations. I bring strong problem-solving skills, technical expertise and a commitment to efficient, reliable and secure IT systems.

EDUCATION BACKGROUND

- **BSc. in Information Technology** – KCA University, 2023
- **Diploma in Information Technology** – St. Paul University, 2020
- **Kenya Certificate of Secondary Education (KCSE)** – Lukenya Girls High School, 2018
- **Kenya Certificate of Primary Education (KCPE)** – Cathsam School, 2013

KEY SKILLS AND COMPETENCIES ACQUIRED

- **System Administration** – Skilled in managing, maintaining, and troubleshooting computer hardware and software systems efficiently.
- **Network Management** – Proficient in configuring, monitoring, and maintaining LAN, WAN, and wireless networks for optimal performance.
- **Technical Support** – Experienced in providing user guidance, troubleshooting issues, and ensuring smooth IT operations.
- **Project Implementation** – Capable of planning, executing, and overseeing IT projects, including application rollouts and system upgrades.
- **ERP Deployment & Management** – Skilled in supporting and managing enterprise resource planning systems to enhance operational efficiency.
- **IT Training & Mentorship** – Experienced in training staff and mentoring junior IT personnel to improve competency and productivity.
- **Asset & Inventory Management** – Proficient in tracking and managing ICT assets and software licenses to ensure availability and compliance.
- **Data Integrity & Security** – Skilled in maintaining data integrity, system security, and compliance with organizational standards.
