AI & Automation	ChatGPT, Qwen AI, ElevenLabs, Invideo, Canva AI, WhatsApp Bots
Design & PM	Figma, Miro, Agile Sprints, Technical Documentation, QA, Network Diagrams

PROFESSIONAL EXPERIENCE

- Daylight Energy Solutions LTD | ICT Consultant

May 2025 – Present

 - Administer Microsoft 365 environment including user accounts, mailboxes, Teams, and OneDrive configurations.
 - Manage IT helpdesk operations; provide first- and second-line support to staff across multiple sites.
 - Handle IT onboarding and offboarding — provisioning devices, managing user access, and revoking credentials.
 - Maintain IT asset inventory, warranty records, and license renewal schedules.
 - Oversee networking, servers, backups, email systems, and company websites.
 - Lead digital branding, online communications, and staff onboarding documentation.
- Amad Technologies | ICT Consultant

Dec 2024 – Dec 2025

 - Developed and integrated a multipurpose tracking system into a global tracking platform.
 - Supported deployments for Homa Bay County Government, Smart Lakes LTD, and Swissport.
 - Implemented real-time dashboards, geofencing, and reporting tools; delivered staff training.

MNS Risk & Insurance Brokers (via OS Labs Limited) | System Administrator *Aug 2023 – Mar 2025*

- Administered Microsoft 365 — managed user identities, MFA, Exchange Online, permissions, and compliance policies.
- Configured and managed FortiGate firewalls, VPN access, endpoint security, and system monitoring.
- Implemented disaster recovery for Microsoft 365 and hybrid environments, restoring Inspro databases.
- Resolved critical MySQL and CentOS system failures; maintained accurate system documentation.
- Provided end-user support and cybersecurity awareness training across the organization.

OS Labs Limited | Assistant IT Engineer → IT Intern *Apr 2023 – Mar 2025*

- Deployed Oracle VM Server & VM Manager; recovered ERPNext, Mifos, and custom apps from VDI backups.
- Automated SQL backups to QNAP NAS; deployed ERPNext multitenant servers with SSL.
- Supported data migration, testing, user training, and maintained detailed SOPs and network diagrams.

Independent | Freelance Developer & Consultant *2023 – Present*

- Built custom systems: Expense Management, Tender Web Scraping Tool, ScholarInfo Academic Management System.
- Designed and maintained e-commerce and corporate websites for 15+ clients.
- Digitized eLearning platforms for NGOs and educational institutions.

EDUCATION

BSc. Computer Security & Forensics — Jaramogi Oginga Odinga University of Science & Technology (JOOUST), 2024

Diploma in Cyber Security — Oxford Home Study College, 2024

CERTIFICATIONS

- Cybersecurity Essentials & Network Security
- Python for Data Science & Automation
- Microsoft 365 Administration
- CompTIA A+ / Network+ / Security+ — In Progress
- ITIL 4 Foundation — In Progress
- MD-102 (Endpoint Administrator) — Planned
- ERPNext Functional Consultant — In Progress
- Oracle Database Administration — Planned
