

DANIEL MWENDWA

DEVOPS ENGINEER

expert@dandevops.site | www.linkedin.com/in/dandevops | dandevops.site

SUMMARY

Cloud Infrastructure Engineer with 5+ years of experience managing hybrid environments (on-prem servers + Azure resources). Hands-on expertise in performance monitoring, L3 desktop support, configuring cloud-based services, managing onboarding and offboarding, and enforcing security best practices. Currently overseeing infrastructure for over 200 enterprise users, ensuring the availability, redundancy, and recoverability of all critical internal services.

TECHNICAL SKILLS

Integration & API Ecosystem	Support & Monitoring	AIOps & Agents
Deploying CI/CD pipelines	Security, Privacy & Compliance	Communication
Cloud & Platform Architecture	Scripting (PowerShell, Bash, Python)	Organization

PROFESSIONAL EXPERIENCE

Cenrix Africa - Senior Developer **June 2025 - Present**

- Utilize various REST APIs to manage all complex databases, software, and applications, migrating them to AWS or Azure, ensuring secure and seamless cloud migrations.
- Developed PowerShell scripts and ARM templates to automate policies, subscriptions and billing in Azure and Microsoft 365 for 100+ users, resulting in a 40% reduction in annual costs.
- Conduct resource audits with Azure Advisor to identify unused "zombie" resources, like virtual machines, saving clients \$2,000 in monthly cloud costs.

Sandstorm Kenya - Account Manager **Feb 2022 - Dec 2024**

- Consulted on Google Tag Manager and tracking for new luxury bags, ensuring 100% accuracy from WordPress click-through to WooCommerce purchase and Salesforce data push.
- Collaborated with the dev team to integrate payment APIs (M-Pesa, Visa, Apple Pay) into WooCommerce, ensuring accurate, real-time data flowed into Salesforce.
- Automated prompts for satisfied customers 7 days post-purchase led to a 30% increase in 5-star Google ratings.

Sameer Africa - Associate Admin (Internship) **September 2020 - Feb 2021**

- Served as the main contact for vendor communications and prioritized urgent requests for staff.
- Weekly reconciled M-Pesa and petty cash payments for full alignment with the accounting.
- Assisted in migrating 2TB of historical customer records to the Microsoft Cloud.

EDUCATION

Bachelor Of Commerce(Procurement & Supply) **Aug 2016 - Oct 2022**
Kenyatta University
