

JACKSON NANDAKO WESONGA

Software Engineer Nairobi, Kenya

 devwesonga@gmail.com  [Portfolio](#)  [LinkedIn](#)  [GitHub](#)

PROFESSIONAL SUMMARY

I'm a passionate Software Engineer specializing in backend development with over 3 years of experience designing and delivering scalable, high-performance, and secure web applications, APIs, and database systems. I have strong expertise in Python, PHP, JavaScript, Go, Django, Laravel, FastAPI, MySQL, Docker, Git, AWS, and Microsoft Azure.

I focus on backend architecture, API development, cloud deployments, and database optimization, delivering maintainable and efficient solutions that drive business growth.

CORE SKILLS

Programming Languages: Python, PHP, JavaScript, Go

Frameworks: Django, Laravel, FastAPI, React

Databases: MySQL, Database Architecture

DevOps & Cloud: Docker, CI/CD, AWS, Microsoft Azure

PROFESSIONAL EXPERIENCE

Full-Stack Software Engineer

Uborasoft Ventures Limited | Hybrid

May 2025 – Dec 2025

- Developed a scalable multi-tenant institutional e-portfolio system using PHP, Laravel and JavaScript with secure MySQL database architecture.
- Designed backend workflows and implemented role-based access control for secure multi-organization access.
- Integrated Chatwoot with a Rasa AI chatbot via API to automate customer support.
- Implemented CI/CD pipelines to streamline production deployments.

Web Developer

Onix-market | Remote

April 2024 – October 2024

- Developed backend systems using Python, Django and JavaScript, improving scalability and system performance.
- Designed and optimized MySQL database schemas for improved efficiency and data integrity.
- Implemented CI/CD pipelines using GitHub Actions to automate builds and deployments.
- Maintained collaborative development workflows using Git.

Software Engineer Intern

Darasa Impact | Onsite

May 2024 – August 2024

- Contributed to the development of the AnyDuka eCommerce platform using PHP, Laravel and JavaScript.
- Integrated payment gateway APIs to enable secure online transactions.
- Designed and implemented role-based access control (RBAC) for admin, vendor, and customer roles.
- Optimized MySQL database queries to improve performance and reliability.
- Participated in Agile development processes and code reviews.

EDUCATION

BSc. Software Engineering (2021–2025)

The Co-operative University of Kenya

CERTIFICATIONS

- Advanced Python Programming – edX (2023)
- Django Web Development – eMobilis (2024)
