

CURRICULUM VITAE

PERSONAL INFORMATION

NYAEGA LEVI MWAMBI

Plumbing Engineer | Security Solutions Technician | Integrated Building Systems Specialist

<mwambilevi@gmail.com> | +254 797 133 290 | 0751522323 | P.O BOX 2768-40200 Kisii, Kenya

CORE COMPETENCIES

Security Systems

› CCTV (IP/Analog) | Fire Alarm | Biometrics (Access Control) | Intruder Detection | Electric Fencing

Plumbing Engineering

› Pipeline Installation | Sanitary Systems | Blueprint Reading | Preventive Maintenance

Technical Integration

› IoT Device Configuration | Cross-System Troubleshooting | Client Training | Safety Compliance

PROFESSIONAL EXPERIENCE

SGA SECURITY — Nairobi, Kenya | Security Systems Engineer (2024-2025)

› Installed integrated security solutions for 25+ commercial/residential clients reducing breach incidents by 35% through:

- Full-spectrum deployments: CCTV networks (Hikvision, Dahua), biometric access (fingerprint/facial recognition), and fire/intruder alarms.

- Preventive maintenance programs that cut system downtime by 40% for high-value clients (banks, retail complexes).

CURRICULUM VITAE

- Cross-training 5 team members on electric fence installation and GSM-based alarm integration.

DANCO INVESTMENTS — Kisii, Kenya | Technical Sales & Logistics Lead (2020-2022)

- Distribution of construction materials for clients via:

- Strategic client acquisition (30+ B2B accounts) and route optimization (↓18% fuel costs).
- Technical advisory on plumbing material specifications for 15+ building projects.

HALISI CYBER CAFÉ — Kisii, Kenya | IT Operations Technician (2019-2020)

- Managed end-to-end digital services: Hardware/software maintenance (printers/scanners), POS sales, and client support (95% satisfaction rate).

KEY PROJECTS

Security Integration | SGA Security

- Kisii Central Mall Retrofit: Led 32-channel CCTV + biometric access system for 3-story complex, enhancing surveillance coverage by 70%.
- Residential Smart Security: Deployed IoT-enabled fire/intruder alarms + electric fencing for 12 premium homes.

Plumbing Efficiency | Vision Empowerment Institute

- Water System Optimization: Redesigned gravity-fed pipeline network for 8-unit apartment complex, reducing leakage by 45%.

EDUCATION & CREDENTIALS

- Certificate in Plumbing Engineering

Vision Empowerment Training Institute, 2023

CURRICULUM VITAE

Modules: Advanced Pipefitting, Sanitary Systems Design, Kenya Building Code Standards

- Kenya Certificate of Secondary Education (KCSE)

MEAN GRADE - C (Plain)

Njoro Boys High School, 2017

Professional Development

- Building Automation Systems (BAS) Fundamentals (Coursera | In Progress)
- NFPA 72: Fire Alarm Installation & Maintenance (Alison Certification)
- Cisco IoT Essentials (Cisco Networking Academy)

TECHNICAL TOOLKIT

Tools

Pipe Cutters | Conduit Benders | Multimeters | Cable Testers | Network Scanners

Software

AutoCAD LT | ZKTeco Biometrics Software | Hikvision IVMS | Microsoft Office Suite
