

Curriculum Vitae for

Brian G. Ngugi

PERSONAL DETAILS

Date of Birth: 09/10/2000
Marital Status: Single
Cell phone: +254 714417763
Mailing address: P. O. Box 1311, Thika, Kenya
Email: ngugibrian00@gmail.com
GitHub: <https://github.com/GithaigaNgugi>
LinkedIn: <https://www.linkedin.com/in/ngugi-brian-104535321/>

CAREER OBJECTIVES

Motivated and detail-oriented software developer with a background in Economics and Finance, seeking a software engineering internship to leverage my technical expertise in backend development, database management, and web application development. Passionate about solving real-world problems through innovative technology solutions.

EDUCATIONAL BACKGROUND

ALX Africa Software Engineering Bootcamp – 2024 to 2025

- ❖ Completed an 18-week program focused on constructing robust server-side solutions.
- ❖ Gained hands-on experience with backend languages, frameworks, RESTful API design, and deployment.
- ❖ Developed a capstone project showcasing the integration of dynamic web applications with database management. "Mboka Task management API"
<https://github.com/GithaigaNgugi/BE-capstone-API>

Machakos University - 2019 to 2023 - Undergraduate Degree in Bachelor of Science (Economics and Finance)

- ❖ Majored in Economics and minored in finance.
- ❖ As part of my course work, I wrote a Research proposal on the **"Effect Of Mobile Connectivity Investment On the Kenyan Economy"**

Gituru Boys High School – 2014 to 2018

- ❖ Kenya Certificate of Secondary Examination (KCSE) - B Score

- ❖ While in High School, I was Secretary of the student council and the Science Club Chairperson.

Technical SKILLS

1. Programming Languages: Python, JavaScript, SQL
2. Web Development: Django, HTML, CSS, Flask
3. Database Management: MySQL, PostgreSQL, Django ORM
4. Tools and Platforms: Git, Github Visual Studio Code, Heroku, PythonAnywhere
5. Methodologies: Object-Oriented Programming (OOP), RESTful APIs, Polymorphism, Agile
6. Other Skills: Unit Testing, Task Automation, Data Analysis

WORK EXPERIENCE

Tambo Tech (*Software Developer*) – July 2024 To Present

- ❖ Designed and implemented APIs, enabling seamless integration and data retrieval across multiple platforms.
- ❖ Developed Applications using Django, complete with CRUD functionality and dynamic user interactions.
- ❖ Built APIs to streamline service industry operations, featuring user authentication, task tracking, and filtering capabilities.

Kenya Redcross Society (*Part Time Volunteer*)– October 2020 To Present

Areas covered

- ❖ Monitoring and Evaluation: Contributing to monitoring and evaluation activities to assess the effectiveness and impact of the Kenya Red Cross Society's interventions, ensuring accountability and continuous improvement.
- ❖ Healthcare and Medical Services: Contributing to healthcare initiatives and medical services provided by the Kenya Red Cross Society, including community health education, vaccination campaigns, and mobile medical clinics.
- ❖ Humanitarian Aid and Relief Operations: Supporting humanitarian aid and relief operations, including the distribution of food, water, shelter, and other essential supplies to vulnerable populations affected by crises.

PROJECTS

Django Blog Project

- ❖ Developed a blog application as part of the Alx_DjangoLearnLab repository.
- ❖ Configured models, created reusable templates, and implemented CRUD operations.
- ❖ Repository: https://github.com/GithaigaNgugi/Alx_DjangoLearnLab

Polymorphism Demonstration

- ❖ Showcased polymorphism in Python through Shape, Rectangle, and Circle classes.
- ❖ Utilized method overriding to calculate areas dynamically.

Task Management API

- ❖ Designed and implemented a Task Management API for service industries using Django Rest Framework.
- ❖ Features include CRUD operations, user authentication, task status updates, and filtering options.
- ❖ Deployment on Heroku for accessibility.
- ❖ Repository: <https://github.com/GithaigaNgugi/BE-capstone-API>

PERSONAL ASSESSMENT

- ❖ Hardworking and a team player
- ❖ Ability to work under pressure without supervision
- ❖ Capable of thriving in demanding environments
- ❖ Diligent and self-motivated

CERTIFICATIONS & TRAINING

- Backend Development Course, African Leadership Accelerator
 - Salesforce Roles and Responsibilities Overview
-
