

INTRO

ABOUT ME

Dynamic Technical Support Specialist with extensive remote work experience, skilled in providing seamless assistance for web applications, SaaS platforms, and data systems. Experienced in troubleshooting complex technical issues, streamlining workflows, and supporting users across multiple communication channels. Proficient with industry-standard tools such as Zendesk, Intercom, Trello, and Google Workspace. Strong ability to collaborate across teams, delegate tasks, and deliver high-quality support in fast-paced environments. Solid understanding of IT infrastructure, network systems, and software applications, with a commitment to continuous learning, process improvement, and efficient multitasking.

WORK EXPERIENCE

Technical Support Representative

ChannelWill • Jul 2025 – Present

- Resolved customer technical issues across email, chat, and Intercom, maintaining a 95% satisfaction rating through timely and accurate resolutions.
- Achieved a 90% first-response resolution rate, minimizing escalations and ensuring smooth user experiences.
- Collaborated with QA and product teams by reporting recurring issues, resulting in a 10% faster resolution time for common system bugs.
- Assisted in streamlining support workflows within Intercom and Zendesk, contributing to a 20% decrease in ticket backlog within the first three months.

ICT Lead

National Integrated Identity Management System • Jan 2021 – Aug 2024

- Resolved 50+ technical issues weekly, achieving a 95% first-call resolution rate and reducing downtime by 30%
- Ensured 100% data protection compliance while handling 200 customer queries daily, boosting satisfaction scores by 20%
- Trained over 100 end-users on software applications, increasing system operation efficiency by 25%
- Assisted in system upgrades and rollouts, documenting technical issues for future resolutions

WEBMASTER

JUICER REVIEW PRO • Oct 2019 – Sep 2020

- Managed website maintenance, backups, and performance optimization, improving load times by 25% and ensuring 99.9% uptime
- Resolved technical issues, ensuring uninterrupted website performance
- Implemented security protocols, including SSL certificates and firewalls, reducing potential data breaches by 40% and increasing user trust as evidenced by a 20% rise in website engagement.

SURVEY ENUMERATOR

KENYA NATIONAL BUREAU OF STATISTICS • Aug 2019 – Sep 2019

- Collected and verified demographic and housing data from over 500 households through interviews and census questionnaires, ensuring 95% data accuracy for government reporting.
- Collaborated with local leaders to facilitate efficient, confidential data collection
- Contributed to the timely, accurate completion of the national census, supporting government planning
