Work Experience

HRIS Officer (Hybrid)

[Greenpeace Africa](#) – Nairobi, Kenya

Jun 2025 – Present

- Provide technical support and system administration for HRIS platforms.
- Spearheaded the development, implementation, and deployment of a [Deel–Payspace Ticketing System](#), now actively used by a global team to manage HR requests and issue tracking. Improved workflow efficiency by introducing automation and technical documentation, reducing response times and enhancing accountability.
- Supported global teams with HRIS training, technical troubleshooting, and cross-functional collaboration.

ICT Technician

[International Livestock Research Institute \(ILRI\)](#) – Nairobi, Kenya

Apr 2024 – Feb 2025

- Delivered first-line technical support, resolving hardware, software, and network issues.
- Administered **Active Directory** user accounts and group policies to ensure secure system access.
- Automated ICT clearance processes using **Power Automate**, reducing turnaround times and strengthening accountability.
- Conducted preventive maintenance of IT assets and enforced ICT security compliance.
- Supported field deployment in Siaya on the [Animal Disease Information System \(ADIS\)](#), providing user training and technical assistance.
- Documented IT processes, SOPs, and troubleshooting guides for knowledge transfer.

United Nations Volunteer – ICT Support

[United Nations](#) – Nairobi, Kenya

Jan 2024 – Apr 2024

- Provided remote desktop support across multiple departments, troubleshooting software and connectivity issues.
- Developed ICT documentation and technical manuals to standardize support processes.
- Assisted in ICT project coordination and service delivery improvements.
- Managed IT inventory and supported asset tracking.

Computer Teacher & ICT Support
[Lotus of Highway](#) – Bungoma, Kenya
Jan 2020 – Apr 2020

- Delivered training on computer literacy, MS Office, and internet safety.
- Maintained computer lab hardware and ensured reliable network performance.

Projects & Initiatives

Deel–Payspace Ticketing System (Greenpeace Global Team): Designed, implemented, and deployed an HRIS support solution now used globally to streamline issue tracking and request management.

ICT Clearance Automation (ILRI): Developed a Power Automate workflow to digitize clearance and asset return, reducing bottlenecks and improving efficiency.

ADIS Website Maintenance ([OHRECA](#)): Supported the livestock disease tracking system, trained users, and ensured accurate data collection.

Preventive Maintenance & Asset Management (ILRI): Conducted regular ICT equipment servicing and maintained up-to-date asset inventories.

Education
