

ROBERT NGURO NYOKABI

IT Technician | Help desk Support | Linux |
Email: nyokabirober@gmail.com | Cell: +254704115702

Summary

Detail-oriented and proactive IT Technician with a strong foundation in networking and system administration. Equipped with hands-on experience from internships in broadband communication networks and Kenya national highway authority. Holds a degree in Mathematics and Computer Science, bringing analytical and problem-solving skills to maintain and optimize IT infrastructure.

Work experience

KENYA NATIONAL HIGHWAY AUTHORITY .

Nairobi

ICT INTERN.

Aug 2023–sep 2024

- Provided technical support for hardware and software issues, troubleshooting computers, printers, networks, and other IT equipment.
- Assisted in maintaining and updating KeNHA's IT infrastructure to ensure secure, functional, and up-to-date systems.
- Supported network administration by monitoring connectivity, security, and performance, and managing network devices such as routers and switches.
- Performed data entry tasks and maintained accurate records of IT assets, configurations, licenses, and system updates.
- Provided software and application support, including installation, configuration, and user assistance.
- Contributed to cybersecurity compliance by implementing updates, antivirus scans, and adhering to network security protocols.
- Offered user support and basic ICT training to employees, promoting effective use of IT resources.
- Supported ongoing ICT projects, including infrastructure upgrades and digitization initiatives.
- Assisted in generating reports, analyzing ICT performance metrics, and identifying areas for improvement.
- Engaged in learning activities to deepen understanding of ICT practices in the public infrastructure sector.

BROADBAND COMMUNICATION NETWORKS

Nairobi

- Performing Link Audits and Recommending Remedies To Intermittent Link Services.
- Restoring Failed Services ,Voice and Internet by Optimizations or Reintegrating Clients Systems and the Last Mile Technology In use.

Education

TAITA TAVETA UNIVERSITY

Sep 2017–May 2022

Bachelor of science in Mathematics and Computer science

Date of Graduation: 23rd September 2022

Grade:Second class Honors.

Courses

AI arguedmented Professional development

AUG2024–SEP2024

NewTechWaysUdemy:

Mar2022–Aug2022

Software Architecture&TechnologiesforLarge–ScaleSystems

Skills:Performance,Scalability,MicroserviceArchitecture,Reliability,Security,Docker&Kubernetes, Technology Stack (Apache, Nginx, RabbitMQ, Kafka, Redis, Cassandra, Elasticsearch, Logstash)

SCRUMstudy:

Feb2022

ScrumFundamentalsCertified

Skills:Scrumprinciple(Self–Organization,IterativeDevelopmentetc.),ScrumAspects,Scrumprocesses

Skills

- **Technologystack:**Linux,Docker,Kubernetes,Nginx, PostgreSQL, MSSQL,
- **Languages:**JavaPythonl.
- **Technical:** Network Configuration, System Administration, Hardware/Software Troubleshooting, Help Desk Support.
- **Software:** Microsoft Office Suite, Network Diagnostic Tools, Linux/Windows OS .
- **Soft Skills:** Problem Solving, Communication, Attention to Detail, Time Management
