I'm a data-driven BSc. Computer Technology final-year student with hands-on experience in loan collections, customer support, and ICT operations. Proficient in data analysis (SQL, Excel, Python), financial reporting, and process optimization. Strong communicator with a track record of delivering actionable management insights.

CORE SKILLS

SQL, Excel, Python, MongoDB, Tableau, Power BI, Debt recovery, Customer Relationship Management, Payment follow-up, Data Analysis, Financial reporting, Process optimization, Data cleaning, Survey Design, Dashboard creation

WORK EXPERIENCE

ICT Intern

20th May 2024 – 23rd Aug 2024

Warehouse Receipt System Council (WRSC), Nairobi

- Provided technical support to 20+ staff, reducing ticket resolution time by 40% and boosting operational uptime.
- Authored procurement guidelines and maintenance schedules, cutting equipment downtime by 15%.
- Developed comprehensive user documentation and system manuals, increasing first-call resolution rates by 20%.
- Participated in end-to-end testing of the new Warehouse Receipt System, identifying 10+ defects and ensuring a seamless rollout.

Junior Loan Officer

24th Nov 2022 – 23rd Mar 2023

Mboleko Limited, Nairobi

- Recovered KES2million+ in defaulted loans through targeted debtor outreach, achieving a 10% increase in annual revenue.
- Designed and maintained weekly Excel reports and dashboards to monitor repayment performance, reducing overdue accounts by 15%.
- Collaborated with Business Development and Credit teams to identify high-risk accounts and optimize follow-up strategies.
- Led client counselling sessions and negotiated repayment plans, improving customer satisfaction by 20%.

VOLUNTEER EXPERIENCE

Data Analyst

July 2025

Success Forger, Remote - Poland (1 Month)

- Collaborated with international data analysts to design and implement a gamified payment system, enhancing user engagement and transaction efficiency.
- Cleaned, analyzed and visualized payment data to uncover usage patterns and inform product feature prioritization.

Data Analyst

14th Apr 2022 – 15th Aug 2022

Fintech Frontiers, Nairobi

- Collected and cleaned survey data on motorbike loan customers, identifying key pain points and product gaps.
- Designed survey instruments and synthesized insights into stakeholder-ready presentations, guiding product market-fit improvements.
