Phone: 0791700168 | Email: benardkagio45@gmail.com

Location: Nairobi LinkedIn: [linkedin.com/in/benardgakio254](https://www.linkedin.com/in/benardgakio254)

PROFESSIONAL SUMMARY

Solution-oriented **IT Support Consultant** and **MSc. IT Candidate** with a proven track record in delivering responsive technical support and robust system administration. Expert in **Microsoft 365 and Microsoft Intune administration**, specializing in secure device deployment and multi-platform support (**Windows & MacOS**). Adept at implementing IT governance, conducting cybersecurity audits, and developing professional technical documentation. Committed to enhancing organizational productivity through reliable infrastructure maintenance and proactive user empowerment.

CORE CONSULTANCY COMPETENCIES

- **Cloud Administration:** Expert management of **Microsoft 365**, MFA enrollment, and Entra ID (Azure AD) group policies.
 - **Endpoint Management:** Deployment and configuration of devices via **Microsoft Intune** and endpoint protection protocols.
 - **Multi-OS Support:** Advanced troubleshooting and system optimization for **Windows and MacOS** environments.
 - **Network & Security:** Configuration of firewalls, antivirus, and VPNs; monitoring for vulnerabilities and unauthorized access.
 - **Governance & Documentation:** Developing user guides, IT SOPs, and training materials for non-technical staff.
 - **Business Continuity:** Overseeing automated cloud backup procedures and disaster recovery (DR) protocols.
-

CONSULTANCY & PROFESSIONAL EXPERIENCE

IT Support & Software Developer | Techlinehub Technologies Ltd *December 2025 – Present*

- **Endpoint Administration:** Managing the deployment of user devices using **Microsoft Intune**, ensuring compliance with security and encryption policies.

- **System Governance:** Administering **Microsoft 365 licenses**, user permissions, and secure access platforms for developer teams.
- **Security Monitoring:** Conducting weekly security checks for breaches and unusual activity; optimized firewalls and antivirus configurations.
- **Documentation:** Authoring clear troubleshooting guides and system configuration manuals for internal and client-facing use.

IT Specialist | Yoeli Guest House, Restaurant & Accommodation *August 2025 – December 2025*

- **Infrastructure Maintenance:** Provided end-to-end support for hardware, software, and connectivity, maintaining 99.9% network uptime.
- **User Training:** Conducted orientation for staff on new digital tools and cybersecurity awareness, reducing support tickets by 20%.
- **Asset Management:** Maintained a detailed digital inventory of all ICT assets, managing lifecycle upgrades and patching.

ICT Infrastructure Assistant (Industrial Attachment) | Kenya School of Government *May 2024 – August 2024*

- **High-Volume Help Desk:** Provided first-line and second-line support for **200+ users**, resolving OS, email, and connectivity issues.
- **Network Monitoring:** Supported the maintenance of core infrastructure including routers, switches, and shared wireless systems.

EDUCATION

- **Master of Science in Information Technology (MSc):** Kirinyaga University (*Ongoing*).
- **Bachelor of Science in Information Technology:** University of Embu (*Second Class Upper Division*).

CONSULTANCY DELIVERABLES CAPABILITY

- **Technical Audits:** Ability to produce periodic reports on support trends, risks, and recommendations.
- **Training Design:** Experienced in designing workshop agendas for staff ICT orientation.
- **Remote/On-Site Hybrid:** Fully equipped for both remote diagnostic support and physical hardware maintenance.
