Professional Summary

Experienced IT professional with over 9 years of expertise in **IT Administration, Technical Support, Software Testing, and Quality Assurance (QA) Management**. Proven track record in implementing QA processes, conducting automated and manual testing, and optimizing IT infrastructure to ensure system reliability and performance.

Core Competencies

- **QA & Testing:** Manual Testing (Alpha/Beta, System & Regression), Usability Testing (UI/UX), Bug Tracking (Jira), QA Methodologies.
- **Technical Support:** Hardware/Software Installation & Repair, Network Maintenance (CCTV, Biometrics), System Monitoring.
- **Leadership:** Team Management, Project Management, Policy Creation, Resource Planning, and Talent Recruitment.
- **Operations:** Competitor Analysis, Sales & Bookkeeping, Social Media Management, and Regulatory Compliance.

Professional Experience

Freelance ICT Consultant | TechDimensional Business

Sept 2016 – Present

- Provide comprehensive technical support and repairs for computing devices, printers, and network infrastructure (CCTV/Biometrics).
- Developed and implemented operational policies to streamline legal and financial processes.
- Manage end-to-end sales operations, including quotations, invoicing, and logistics coordination.
- Reduced system downtime for clients by implementing proactive maintenance schedules.

Quality Control Manager | Transsion Holdings (East Africa)

Nov 2021 – Oct 2023

- **Regional Oversight:** Managed multi-country operations across five East African nations, overseeing all regional projects and reporting.
- **Process Optimization:** Formulated SOPs, guides, and test cases to standardize quality processes for regional staff.
- **Team Leadership:** Led a team of testers, providing technical training and defect analysis to improve software release cycles.
- **Talent Management:** Identified workforce needs and led recruitment to ensure high-skilled personnel placement.

Mobile Software Tester | Transsion Holdings (Kenya)

Feb 2020 – Oct 2021

- Executed Alpha/Beta testing for mobile devices, routers, and TVs; logged defects using **Jira**.
- Performed translation and transcription testing in **English and Swahili** for cultural appropriateness.
- Utilized **UsabilityHub** for UI/UX testing to enhance user interface design based on feedback.
- Coordinated with remote teams via WeChat to resolve software issues for brands like TECNO and Infinix.

IT Support Technician | Techno-Edge Ltd

Sept 2014 – Mar 2016

- Led the installation and user training for the company's Learning Management System (LMS).
- Maintained near-zero downtime through expert troubleshooting of hardware and software issues.
- Configured user accounts and managed network administration to ensure data security.

Education & Certifications

- **BSc. in Information Technology** | Jomo Kenyatta University of Agriculture and Technology (JKUAT).
- **Application Analyst Mastery Award** | IBM (Sept 2016).
- **Certified Quality Assurance Professional (CQAP)**.
- **Basic Digital Skills** | e-Mobilis (Mar 2015).
- **Computer Studies** | Thika Technical Training College (Jul 2011).

Technical Skills

- **Operating Systems:** Windows, Mac OS, Linux.
- **Software:** Microsoft Office Suite, Jira, UsabilityHub, WeChat.
- **Languages:** Fluent in English and Swahili.
