

Mark Githinji Wakahia
INFORMATION TECHNOLOGY SPECIALIST
Tel: +254 708131248 | Email: markwakahia@gmail.com

PROFESSIONAL SUMMARY

Results-driven IT Specialist with extensive experience in IT support, system administration, and user training. Adept at troubleshooting hardware and software issues, managing ICT infrastructure, and providing technical support to end-users. Proficient in system maintenance, security implementation, and database management. Passionate about leveraging technology to enhance operational efficiency, automate processes, and drive organizational success. Strong analytical thinker with a keen interest in cybersecurity, cloud computing, and enterprise solutions.

KEY SKILLS AND COMPETENCIES

- Demonstrated ability to effectively manage and maintain various aspects of ICT infrastructure, including hardware, software, and networking components.
- Efficiency in identifying and resolving complex technical issues, ensuring minimal downtime and disruption to operations.
- Experience in participating in ICT projects from inception to completion, including planning, scheduling, resource allocation, and monitoring progress to ensure timely delivery within budgetary constraints.
- Strong ability to work effectively within cross-functional teams, fostering positive working relationships and facilitating open communication to achieve common goals.
- Flexible and adaptable approach to navigating evolving technology landscapes and business requirements, staying abreast of emerging trends and innovations in the ICT field.
- Meticulous in maintaining accurate documentation, configurations, and records related to ICT infrastructure, ensuring compliance with organizational policies and regulatory requirements.
- Proactive commitment to ongoing professional development and learning, actively seeking out opportunities to expand knowledge and skills in relevant areas of ICT.
- Dedicated to delivering exceptional customer service and support, addressing end-users' needs and concerns promptly and effectively to enhance user satisfaction.
- Proficient in managing relationships with technology vendors and service providers, negotiating contracts, and ensuring quality service delivery in line with organizational objectives.
- Knowledgeable about ICT security principles and best practices, including firewalls, network security, and endpoint security measures, contributing to a robust security posture and protection of organizational assets.

PROFESSIONAL WORK EXPERIENCE

PROFESSIONAL EXPERIENCE

Caritas Nairobi – IT Department

ICT Officer (*May 2024 – Present*)

Responsibilities:

- Assisted in system administration, overseeing user account management and role-based access control.
- Conducted routine system maintenance, including server updates, backups, and performance monitoring to ensure system reliability.
