EDUCATION

SOUTH EASTERN KENYA UNIVERSITY
Bachelor of Science in Computer Science

Kitui, Kenya

EXPERIENCE

ICT Lecturer

ICS Technical Institute

22/05/2024- Present

- Gained expertise in web scripting through hands-on practicals, boosting both my skills and those of 20+ students.
- Assisted in debugging educational software issues, contributing to a 20% reduction in system downtime and improving overall application performance.
- Engineered and sustained robust web application utilizing HTML, CSS and JavaScript; improving institute's user engagement by 40%.

Software Developer Intern

GOODTIMES ACADEMY

06/2023 – 06/03/2024

- Created and modified the React-based institution's CBC application, improving the productivity of 25 staff members by 30%.
- Developed the application dashboard using React.js and Python to visualize school weekly activities, saving staff members 5 hours per week of manual reporting work.
- Increased awareness of the CBC education application from 60 stakeholders to 200 within three months of assuming the role.
- Collaborated with a 4-member UI/UX team to redesign the application interface, driving 30% positive user satisfaction.

PROJECTS

CBC Application

05/2023 – Present

- Streamlined data collection and reporting procedures, reducing processing time by 30% enhancing efficiency in school duties.
- Collaborated with 4+ cross-functional teams to gather requirements, define project scopes, and ensure alignment with school objectives, fostering effective teamwork and project success.

Social Web Application

12/2023 – Present

- Implemented social platform application featuring secure authentication, enabling seamless access for over 500 users to view and interact with posts.
- Created user interface using ReactJs and Material UI.

Portfolio

08/2023 – 11/2023

- Developed a responsive portfolio website showcasing my skills using HTML, CSS, and JavaScript.
- Incorporated aos animation for seamless user interaction when scrolling.

CERTIFICATION

CCNA Ethical Hacker

Nov 2024 – Jan 2025

- Mastered intermediate Ethical Hacker practices on vulnerable systems.
