Nairobi, Kenya

PROFESSIONAL SUMMARY

Recent Computer Science graduate from St. Paul's University with hands-on experience in software development and telecommunications. Proficient in multiple programming languages with a strong foundation in web development and database management. Seeking to leverage technical skills and practical experience in a dynamic technology environment.

EDUCATION

Bachelor of Science in Computer Science

St. Paul's University, Nairobi | **2021 – 2025**

- **Relevant Coursework:** Artificial Intelligence, Data Structures & Algorithms, Software Engineering, Database Systems, Web Development, Object-Oriented Programming, Computer Networks, System Analysis & Design etc

High School

Upper Hill School | **2017 - 2021**

WORK EXPERIENCE

IT Technician Intern

Anafa Africa Communications | **May 2025 – (ongoing)**

- Developed and maintained company web applications using modern frameworks and technologies

- Gained experience in telecommunications software solutions and client communication systems
 - Provided technical support to staff on hardware and software issues.
 - Maintained office network connectivity and performed routine troubleshooting.
 - Assisted in database optimization and query performance improvements
 - Contributed to documentation and testing procedures
-

TECHNICAL SKILLS

Programming Languages

- **Python** - Data analysis, automation, Django/Flask
- **C++** - Object-oriented programming, algorithms
- **JavaScript** - ES6+, Node.js, React.js
- **SQL** - MySQL, PostgreSQL, query optimization

Technical Competencies

- **Web Development** - Full-stack development, responsive design
 - **Database Management** - Schema design, data modeling, performance tuning
 - **Artificial Intelligence (AI)** – Machine learning models, natural language processing, AI-driven automation
 - **Version Control** - GitHub, collaborative development workflows
 - **Cloud Technologies** - AWS basics, deployment strategies
 - **API Integration** - Third-party services, payment gateways, social media APIs
 - **Agile Methodologies** - Scrum practices, sprint planning, collaborative development
 - **Problem Solving** - Algorithm design, debugging, performance optimization
 - **Technical Documentation** - Code documentation, user manuals, system specifications
-

ADDITIONAL STRENGTHS

- **Communication** - Strong written and verbal communication skills in English and Swahili
 - **Team Collaboration** - Proven ability to work effectively in diverse teams
 - **Continuous Learning** - Self-motivated to stay updated with emerging technologies
 - **Problem-Solving** - Analytical thinking with attention to detail and creative solutions
 - **Adaptability** - Quick learner with ability to adapt to new technologies and environments
 - **Project Management** - Experience with task prioritization and deadline management
-
