CORE COMPETENCIES

Infrastructure & Hardware Operations

- Hardware deployment and lifecycle management
- Structured network cabling (Ethernet / LAN)
- Device installation and configuration
- Hardware troubleshooting and diagnostics
- Infrastructure documentation and asset tracking
- System monitoring and incident response

IT Support & Systems

- Desktop & Laptop Troubleshooting
- Windows OS Installation & Configuration
- Linux Fundamentals
- Active Directory User & Access Management
- VPN & Remote Access Support
- Ticketing & Incident Management
- Endpoint Security Basics

Operating Systems & Tools

- Microsoft Windows OS (installation, configuration, updates)
- Linux distributions (basic administration & troubleshooting)
- Remote desktop & support tools
- VPN setup & connectivity support

Networking & Connectivity

- LAN/WAN fundamentals
- IP addressing, DNS & DHCP basics
- Network cabling & peripheral connectivity
- Network & telephony troubleshooting

Telephony & Peripherals

- IP phones & VoIP support
- Printers, scanners & accessories
- Desk & workstation configuration

Asset Management & Operations

- IT asset tracking & inventory
- Hardware lifecycle management
- Device deployment & decommissioning
- Compliance with internal IT policies

Microsoft & Administration

- Microsoft 365 Administration
- Identity & Access Management
- Windows Client Deployment

KARL-HEINZ

LOUIS ABIOLA

IT Support Consultant

PROFILE SUMMARY

IT Infrastructure and Support Specialist with 3+ years of hands-on experience supporting enterprise hardware, operating systems, network connectivity, and IT infrastructure environments. Skilled in system troubleshooting, network cabling, asset lifecycle management, and hardware deployments across Windows and Linux systems. Experienced working within secure, compliance-driven environments supporting AI and large-scale data operations. Strong foundation in network infrastructure, server environments, and systems reliability, with ongoing development in networking, automation, and infrastructure technologies.

PROFESSIONAL EXPERIENCE

Associate – Data Evaluation (NLP & LiDAR)

Sama | 2023 – 2025

- Performed high-accuracy Natural Language Annotation (NLA) for NLP and Generative AI model training.
- Annotated large-scale datasets including text classification, sentiment analysis, intent labeling, and prompt evaluation.
- Conducted 2D & 3D LiDAR annotation including bounding boxes, polygon segmentation, and object tracking across frames.
- Maintained strict quality benchmarks (IoU accuracy standards and internal QA metrics).
- Worked within compliance-driven, secure data environments.
- Collaborated with cross-functional technical teams to improve model performance and dataset accuracy.

IT Support & Systems Analyst

Thomglow Computers | 2022 – 2023

- Provided hardware and infrastructure support for desktop and network systems.
- Installed and configured Windows and Linux operating systems across multiple endpoints.
- Supported LAN connectivity, network cabling installations, and peripheral infrastructure.
- Diagnosed hardware, software, and network issues across user workstations and IT equipment.
- Managed IT asset lifecycle including hardware deployment, tracking, and decommissioning.
- Assisted with workstation builds, device provisioning, and infrastructure troubleshooting.
- Notice the Data Center language.

IT Support Officer

RyTech Technologies | 2021

- Provided technical support for desktop systems, network connectivity, and peripherals.
- Diagnosed and resolved hardware, OS, and basic network issues.
- Documented troubleshooting steps and contributed to internal support documentation.

EDUCATION & CERTIFICATIONS

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

Jomo Kenyatta University of Agriculture and Technology (2018 – 2022)

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Networking & Infrastructure

- CompTIA Network+ (Online Training – Infosec)
- CCNA: Networking Basics, Switching, Addressing & Routing
- Network Operations (Google)

Microsoft & Systems

- MS-102: Microsoft 365 Administrator (Training)
- Deploying Windows Clients & Managing Identities
- Microsoft 365 Ecosystem

Security

- Security Fundamentals & Identity Management
- Cisco Certified Support Technician – IT Support (100-140)

Technical Foundations

- CompTIA Tech+ (Training)
- IT Fundamentals & Hardware Essentials
- Practical Windows PowerShell Scripting (Units 1–3)

Cisco Networking Academy Certifications (2025)

- Hardware and Upgrade Support (Badge Issued – Nov 2025) – Certified
- IT Customer Support Basics (Badge Issued – Oct 2025) – Certified
- Computer Hardware Basics (Badge Issued – Oct 2025) – Certified
- Ethical Hacker (Badge Issued – Nov 2025) – Certified
