Education

Bachelor's Degree**Computer Systems Engineering****Kirinyaga University**

Sep 2020 - Apr 2024

Activities: Rotaract Club, Badminton Club, Computer Society of Kirinyaga (CSK)

Professional Summary

Computer Systems Engineering graduate with hands-on experience in software testing, quality assurance, and full-stack development. Proven track record at Safaricom PLC working with Agile methodologies, JIRA project management, and JavaScript-based applications. Strong background in requirement analysis, solution configuration, and technical documentation. Passionate about e-government solutions

and COTS software implementation with a keen eye for detail and customer satisfaction.

Professional Experience

Software Engineer in Test

Safaricom PLC

Internship | Oct 2024 - Apr 2025 | Nairobi, Kenya (Hybrid)

Quality Engineer Intern in the Miniapps Team, contributing to development, testing, and delivery of high-performance mini applications within the mySafaricom ecosystem with focus on quality assurance throughout the software development lifecycle.

- ▶ Developed and executed comprehensive test cases and scenarios for JavaScript-based mini applications
- ▶ Collaborated with cross-functional teams including developers, designers, and product managers to identify bugs early and maintain quality standards
- ▶ Utilized JIRA for bug tracking, ticket management, and sprint planning; Confluence for documentation and team collaboration
- ▶ Participated in Agile ceremonies including sprint planning, stand-ups, and retrospectives
- ▶ Conducted UI/UX testing and API verification for seamless functionality and integration
- ▶ Contributed to Customer Onboarding Mini App optimization, reducing onboarding time by 30%
- ▶ Verified API responses and front-end performance for Payments and Billing Module
- ▶ Helped establish regression testing suite, increasing test coverage and reducing manual effort
