Hobbies

Education

Moi University

B.Eng. in Manufacturing, Industrial & Textile Engineering

September 2018 – April 2024

Projects

Company Website, Cedro Adventures

www.cedroadventures.com

- Built both frontend and backend using various fullstack technologies such as Next.js.
- Implemented auxiliary services such as emailing into the project.

Handwritten Digit AI

<https://handwritten-digit-ai.streamlit.app/>

- Built an interactive Streamlit app that uses a trained TensorFlow model to recognize handwritten digits from the MNIST dataset.
- Built it as part of my Machine Learning journey.
