PROFESSIONAL SUMMARY

IT professional with over two years of experience in technical support, application administration, and data protection. Proven track record in providing responsive production support and resolving system issues in fast-paced environments. Skilled in SQL, scripting, and service delivery operations, with a strong understanding of application integration and IT control processes. Self-motivated, analytical, and committed to continuous improvement, with a passion for driving efficiency through automation and collaboration.

SKILLS AND EXPERIENCE

- SQL Server & PL/SQL Querying
- Java (basic debugging and analysis)
- Data Analysis (Excel, Power BI, SPSS)
- Service Delivery & SLA Monitoring
- Windows & Linux (Ubuntu/CentOS)
- Excellent verbal and written communication
- Strong problem-solving and complaint resolution
- Microsoft Office (Word, Excel, Outlook, PowerPoint)

WORK EXPERIENCE

ICT Associate Intern, United States International University-Africa (August 2024- Present)

Duties and responsibilities;

- ✦ Accurately capture, resolve, and close all user request tickets via phone or email on the Helpdesk system within SLA, using thorough problem analysis and customer service skills.
- ✦ Performed daily checks to ensure classroom audio-visual equipment is operational and accounted for.
- ✦ Set up video conferencing facilities using Zoom Room systems.
- ✦ Install Public Address (PA) systems and troubleshoot sound problems at the campus as per user requirements.
- ✦ Configuring and deploying computers, multifunction printers, and other desktop devices. ✦ Monitored systems for performance and uptime, helping meet internal service targets.
- ✦ Assist in maintaining and troubleshooting network systems, including LAN, WAN, and wireless setups, ensuring uninterrupted connectivity.
- ✦ Assist users with technical support by quickly fixing hardware, software, and network problems for both local and remote users.
- ✦ Managing the cloud data storage to ensure proper configuration, data security, and backup plans are in place.

- ✦ Document technical issues and solutions to improve the IT knowledge base and streamline troubleshooting processes.
- ✦ Assist in the development and testing of small-scale ICT projects, ensuring adherence to organizational requirements.
- ✦ Apply OS patches and upgrades regularly and upgrade administrative tools and utilities.
- ✦ Maintain and control user authentication information details for access and security.
- ✦ Configuring and deploying computers, multifunction printers, and other desktop devices.

Information Communication Technician – Ahero Hospital (June 2024 – August 2024)

Duties and responsibilities;

- ✦ Maintained hospital databases and ensured secure data handling in line with privacy policies.
- ✦ Provided system support to clinical and administrative staff and managed user permissions.
- ✦ Coordinated backups and basic recovery procedures across hospital systems.

ICT Intern - Chemelil Sugar Company Limited (January 2023 - April 2023)

Duties and responsibilities;

- ✦ Supported the IT helpdesk and user support center, handling internal calls and walk-in requests.
 - ✦ Logged and resolved technical issues, providing timely support and escalating where necessary.
 - ✦ Improved user experience by clearly explaining technical solutions in a client-friendly manner.
 - ✦ Gained hands-on experience with modern, well-equipped ICT systems.
- ✦ Acquired skills in network diagnosis and troubleshooting. • Developed web design skills using the Helix framework.
