PROFILE

A versatile and driven professional with a **Bachelor's degree in Food Science and Technology** from JKUAT (June 2024) and a **Full Stack Software Engineering trainee** at Moringa School. I bring a rare blend of **technical and scientific expertise**, with practical experience in **food quality control** and **software development**. I am passionate about applying data-driven and innovative solutions to solve real-world problems in both the food and tech industries.

EDUCATION

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

BSc. Food Science and Technology | Sept 2019 – Dec 2023

Graduated with Second Class Honours (Upper Division)

Moringa School

Full Stack Software Development | Feb 2025 – July 2025

Curriculum includes HTML, CSS, JavaScript, React, Angular, Python, Flask, SQL, SQLAlchemy, RESTful APIs, Agile methodologies

PROFESSIONAL EXPERIENCE

Moringa School Projects – *Junior Full Stack Developer*

Feb 2025 – Present

- Designed and deployed full-stack applications with modern front-end frameworks (React, Angular).
- Built scalable backend systems using Python (Flask), SQL, and SQLAlchemy.
- Developed and integrated RESTful APIs to enhance system functionality.
- Collaborated in Agile teams, participating in code reviews, version control (Git), and CI/CD pipelines.

Lipton Teas and Infusions – *Quality Assurance Intern*

Jan 2023 – Apr 2023

- Conducted quality tests on raw materials and final products.
- Participated in sensory evaluations to ensure product consistency.
- Contributed to audits and helped implement QA protocols.
- Maintained documentation and collaborated with production teams on corrective actions.

Solfruit Kenya Ltd – *Quality Control Analyst*
Jan 2025 – Feb 2025

- Performed quality inspections of avocados for export compliance.
- Analyzed dry matter and other quality indicators.
- Maintained QA protocols and reported findings to management.

TECHNICAL & PROFESSIONAL SKILLS

Food Science & Quality Control

- Quality Assurance & Compliance
- Sensory Evaluation & Testing
- Data Collection & Analysis
- Documentation & Reporting
- Regulatory Standards (ISO, HACCP)
- Product Consistency Monitoring
- Continuous Improvement Initiatives
- Team Collaboration

Software Engineering

- Front-End: HTML, CSS, JavaScript, React, Angular
- Back-End: Python, Flask, SQL, SQLAlchemy
- API Development & Integration (RESTful)
- Agile Methodologies & Git Version Control
- Full-Stack App Deployment

- Debugging & Troubleshooting
-

PROJECT HIGHLIGHTS (TECH)

Inventory Tracker Web App

A full-stack solution to monitor stock levels in real-time with automated low-inventory alerts.

Food Quality Feedback System

Built a user-friendly feedback platform for consumers to review food products and flag quality issues.

CERTIFICATIONS

- Food Safety, HACCP, ISO, Software Development Badges
-
