PROFESSIONAL SUMMARY

Customer-focused and technically adept IT professional with over 4 years of experience delivering first-line technical support, network administration, and IT infrastructure maintenance. Proven ability to troubleshoot and resolve hardware, software, and connectivity issues efficiently—ensuring minimal downtime and optimal end-user satisfaction. Skilled in managing incidents and service requests in line with SLA targets, maintaining IT assets, and providing remote and on-site support. Experienced in supporting Windows environments, Office 365, and network systems including LAN/WAN setups, routers, and switches. Recognized for strong problem-solving, clear communication, and a commitment to continuous improvement in dynamic, user-driven environments.

ACADEMIC QUALIFICATIONS

Bachelor of Business Information Technology | Riara University |2022

Kenya Certificate of Secondary Education | Sacho High School | 2016

WORK EXPERIENCE

DHL Supply Chain Limited

IT Specialist | 06/2023 – 06/2025

Provided end-to-end IT support and infrastructure management, ensuring seamless service delivery, SLA compliance, and optimal system performance across DHL operations

- Provided Level 1 and Level 2 technical support for hardware, software, and network issues, ensuring fast resolution and minimal downtime for end users.
- Managed and escalated incidents via ticketing tools, Global Service Now, ensuring SLA compliance and continuous service improvement.
- Led IT projects from planning to execution, meeting deadlines and optimizing resources within budget constraints.
- Maintained network stability by monitoring server performance, managing LAN/WAN, and ensuring data availability.
- Implemented data backup & disaster recovery plans, strengthening cybersecurity posture and business continuity.
- Handled user account setup, onboarding, and access control using Active Directory and related tools.
- Maintained IT asset inventory and performed scheduled preventive maintenance across all endpoints.
- Developed internal knowledge base articles and SOPs to reduce resolution time and improve service desk efficiency.
- Liaised with external vendors to expedite issue resolution and support infrastructure upgrades.
- Tracked and reported service desk KPIs, driving data-informed decisions for improved user satisfaction.

Kenya Network Information Center
Assistant System Administrator | 6/2022 – 06/2023

Contributed to system administration and IT support, improving uptime, streamlining user access, and strengthening overall infrastructure reliability

- Assisted in Active Directory administration, handling 20+ user accounts (creation, password resets, access control), which improved onboarding speed by 30%.
- Provisioned and imaged laptops/desktops using standard builds; handled hardware diagnostics and peripheral setup (printers, scanners); updated IT asset inventory and lifecycle records
- Supported Microsoft 365 (Outlook, Teams, OneDrive), resolving user issues and ensuring 95%+ uptime for communication and collaboration tools.
- Conducted preventive maintenance on desktops, laptops, and printers, reducing recurring hardware issues by 20%.
- Helped monitor network performance and resolved common connectivity issues, minimizing downtime for staff.
- Maintained the IT asset register and enforced proper tracking, leading to 100% accountability of devices during audits.
- Participated in backup and recovery routines, assisting in weekly system backups and performing test restores to verify data integrity.
- Provided helpdesk support, closing 20+ tickets weekly and ensuring issues were resolved within SLA timelines.
- Documented IT processes and created quick-reference guides, reducing repeat support requests from staff.

Boost Holdings Limited | Cashback Mtaani Application
Application Support Agent | 05/2021 – 12/2021

Provided technical support and end-user training for the Cashback Mtaani app, driving adoption and resolving issues while collaborating with the software development team to enhance usability and performance.

- Delivered on-site and remote technical support to retailers and shop owners using the Cashback Mtaani application, ensuring operational uptime and user satisfaction.
- Conducted hands-on training sessions and app onboarding for new users, improving user adoption and reducing recurring support issues.
- Diagnosed and resolved software and device-related issues, including login errors, sync failures, and app performance concerns
- Acted as the bridge between end users and the ICT development team, reporting bugs, suggesting UX improvements, and participating in user acceptance testing (UAT) for new features
- Maintained detailed support logs and user issue tracking to help identify common pain points and streamline future resolutions.
- Authored simplified guides and FAQs to enhance user self-service and reduce support ticket volume.
- Led field engagement strategies to educate users on app features and ensure technical compliance with setup and usage requirements.
- Provided feedback-driven insights that informed app updates, significantly improving overall system usability and user experience
