Human Resource Manager

Biovision Africa Trust (BvAT)

Nairobi, Kenya

Dear Hiring Manager,

I am writing to express my strong interest in the ICT Internship opportunity at Biovision Africa Trust (BvAT) as advertised. As a recent graduate in Business and Information Technology (BBIT) from KCA University, I am passionate about leveraging technology to support environmentally sustainable development and rural livelihoods, aligning well with your mission.

During my academic journey and industrial attachment at Nyandarua National Polytechnic, I gained hands-on experience in technical support, software installation and troubleshooting, website management, and system maintenance. I successfully assisted in updating internal systems, resolving hardware/software issues, and supporting IT users in day-to-day operations. My coursework has also equipped me with practical skills in WordPress, HTML/CSS, SQL, basic networking, and database applications. I am a fast learner, adaptable, and eager to contribute to meaningful ICT projects.

Joining BvAT would be a fulfilling opportunity to apply my ICT skills in support of sustainable agricultural initiatives and knowledge-sharing platforms. I am particularly enthusiastic about the chance to work with a forward-thinking team and contribute to enhancing your digital infrastructure.

Thank you for considering my application. I welcome the opportunity to further discuss how I can contribute to your ICT team and overall mission. I am available for an interview at your convenience.

Sincerely,

Florence Wanjiru Githumbi
