Multifaceted and adaptable Information Technology graduate with hands-on experience in full-stack development, IT support, AI applications, and cybersecurity fundamentals. Proven ability to build scalable web applications, automate system processes, and solve technical issues in fast-paced environments. Developed an AI-driven mental health chatbot using Python and NLP, and led deployment of secure, database-backed systems. Strong foundation in modern programming languages (Python, JavaScript, Java), DevOps tools, and cloud fundamentals. Eager to contribute technical expertise, creative problem-solving, and a growth mindset to a dynamic tech team..

Experience

ADMINISTRATIVE ASSISTANT

Equiserve Solutions Ltd | MAY 2021 – DEC 2021

- Managed front-desk operations including visitor logging and basic scheduling.
- Supported the operations team with data entry and preparation of internal reports.
- Assisted in digitizing paper records and updating excel-based inventory and client databases.
- Coordinated office supplies and liaised with vendors for timely deliveries.

JUNE 2024 – SEP 2024

IT Intern

Nairobi County City Hall

- helped maintain lan/wan infrastructure and updated system firmware.
- assisted staff with software, hardware, and connectivity issues, resolving most problems on first contact.
- built a simple intranet portal using php and javascript to help departments share documents more easily.
- documented setup processes and it support notes to help new interns onboard faster.

JUNE 2022 – AUGUST 2024

Doshy Wholesales | ICT and Accountant | Kiambu Kenya

In my role combining ICT and accounting functions, I developed an automated invoicing system using Excel and VB.NET, which greatly improved efficiency by reducing manual processing time. I was responsible for managing customer accounts, ensuring accurate record-keeping, and actively following up on outstanding payments to maintain healthy cash flow. Additionally, I worked closely with the sales team to monitor expenditures and ensure that departmental budgets remained on track, contributing to overall financial stability and operational effectiveness.

Skills

- Proficient with project management software
- Team player
- Excellent time management skills
- Conflict management
- Data analytics

Technical Skills

- **Programming & Software Development:** Python, Java, PHP, JavaScript, C, C++, C#, VB.NET
- **Web & Mobile Development:** HTML5, CSS3, React.js, Node.js, Express.js, Flutter
- **Database Management:** MySQL, PostgreSQL, MS SQL Server – design, querying, and optimization
- **Networking & Systems:** TCP/IP, DHCP, DNS, Cisco Protocols, basic LAN/WAN setup and troubleshooting
- **DevOps & Tools:** Git, Docker, Linux, Visual Studio Code, Agile/Scrum workflow

- **Office Productivity:** Microsoft Word, Excel (including macros and automation), PowerPoint, Outlook
- **Document Handling:** File management, data entry, document formatting, printing, scanning, digital filing
- **Administrative & IT Support:** Fast and accurate document keying, system troubleshooting, basic hardware/software support
- **Creative & Multimedia Tools:** Adobe Photoshop, Blender (3D modeling), Adobe Premiere Pro (video editing)

Education

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY (JKUAT) | 2021 – EXPECTED 2025

KCSE CERTIFICATE – STEPHJOY BOYS HIGH SCHOOL | 2015 – 2018

KCPE CERTIFICATE – NDURARUA PRIMARY SCHOOL | 2007 – 2014

PROJECT

- **AI Mental Health Support System:** Created a basic chatbot using Python and natural language tools to offer stress management tips and emotional support. Used Flask and SQLite for backend and session tracking.
- **E-Commerce Platform:** Built a full-stack online store using React and Node.js; integrated a working payment gateway and user login system.
- **IT Security Audit:** Performed a network security check for a small business and gave them a list of simple changes to improve safety.
- **3D Product Animation:** Made a 2-minute promotional video for a local business using Blender and Premiere Pro. The video helped boost their online visibility.
