PROFILE

A highly motivated and detail-oriented Information Technology graduate with a strong foundation in programming languages, including HTML5, C#, SQL, C++, and JavaScript. Currently enrolled in Data Analytics and Business Management courses to further enhance my technical, analytical, and business skills. Passionate about leveraging my expertise in a dynamic environment to develop innovative solutions. Committed to staying up to date with industry advancements and applying a proactive approach to problem-solving. Seeking an opportunity to contribute my coding abilities, analytical mindset, and business acumen while collaborating with a forward-thinking IT team. Ready to bring fresh perspectives, dedication, and a strong work ethic to any professional setting.
